

**2.01.10 Urban Mixed Use (MU-2)** *(renumbering of all zoning categories which follow)*

The MU-2 district is intended for redevelopment of the City's gateways by allowing a combination of residential, office, housing, and general commercial activities in a vibrant urban setting. MU-2 district encourages high-intensity activity centers, compact, energy efficient, mixed-use commercial and residential development which promotes pedestrian-level activity. This district provides for integrated or stand-alone commercial retail, offices, housing, and civic uses. Convenient access to transit opportunities, innovative housing options, and pedestrian-oriented design are key considerations in the redevelopment of these areas. Uses allowable within the MU-2 district recognize the desire to maintain higher intensity commercial development while integrating residential allowances to fulfill market demand for live/work housing needs and to provide commercial services easily accessible to residents within the area.

- Notes:
1. For RE, R-1, R-2, R-3, OT-1, and OT-2, the FAR standard applies to any permissible commercial uses.
  2. The minimum lot width for lots platted prior to the effective date of this LDC is fifty (50) feet. The minimum lot width for lots platted on or after the effective date of this LDC is seventy-five (75) feet.
  3. The maximum impervious surface ratio within the “Central Business District” and Urban Mixed Use land use categories, as depicted on the Future Land Use Map, may be 1.00 where the application is for redevelopment of a lot that is developed with 100% impervious surface. Where the application is for new development of a vacant lot, the maximum impervious surface on the lot may be 100% where stormwater facilities are available and have sufficient capacity to accept the runoff from the lot.
  4. Development is permissible on lots which were platted before the effective date of this LDC and have a minimum width of twenty-five (25) feet.
  5. Proposed development on lots within the “Recreation” land use, as depicted on the Future Land Use Map shall not exceed 0.25 impervious surface ratio.
  6. Lots located within 800 feet of the Mean High Water Mark of the Atlantic Ocean shall be permitted a maximum FAR of 1.50, as long as the FAR for all General Commercial lots in the City, combined, does not exceed an overall FAR of 0.50.
  7. Refer to Section 4.02.07 of this Chapter for maximum lot coverage.

**Table 4.02.03(E). Standards for Building Heights and Setbacks**

| Zoning District | Maximum Building Height (ft.) <sup>1</sup> | Minimum Setback                            |                   |                              |  |
|-----------------|--|--|-------------------|------------------------------|--|

1. A building on any lot within 800 feet of the mean high water line of the Atlantic Ocean shall not exceed thirty-five (35) feet in height.
2. Each side yard setback shall be increased by one-half (1/2) foot for each one (1) foot, or fraction thereof, of building heights above twenty-five (25) feet.
3. Buildings shall not encroach into the required clear visibility triangle at intersections, as set forth in Section 7.01.08.
4. Where access is provided from an alley or public street to the rear of the principal building, no side yard setback is required. Where such access is not available, one (1) side yard shall be a minimum of ten (10) feet. Any other side yard shall have a minimum side yard setback of zero (0) feet.
5. Rayonier and Smurfit Stone are exempt from the height regulation for Mill operations.

Landscape Requirements **NEW SECTION 4.05.06** (Non-Residential **and Mixed Use** Development)

A. Minimum Landscaped Area (current policy 4.05.04 (D))

**At least 20% of the total gross land area of a development shall be landscaped except within the Central Business District (CBD)/ C-3 zoned properties and the Urban Mixed Use (UMU)/ MU-2 zoned properties where a minimum of 10% of the total gross land area shall be landscaped.**

FERNANDINA BEACH LDC  
CONSIDERATIONS FOR 8<sup>TH</sup> STREET

Minimum landscaped areas requirements may be achieved through use of planters and roof top gardens or plantings within stormwater improvements in all zoning districts.

4.01.02 Density Bonus Provisions  
Follows Fernandina Beach CRA Density Bonus Incentive Program

**B. Urban Mixed Use Density Bonus Incentive Program**

The Urban Mixed Use Density Bonus Incentive Program is only available to properties located within XXXXX. The bonus program only applies to properties that are not within the Coastal High Hazard Area (CHHA). This program has been developed as a mechanism to encourage pedestrian and transit focused high- intensity activity centers through compact, energy efficient, mixed-use commercial and residential development. The bonus provides for up to a maximum of 30 dwelling units per acre. Property owners and developers wishing to take advantage of the potential additional density provided by the bonus program are required to demonstrate full compliance with its requirements through the site design review process. Further, the bonus shall be approved as part of the local development order and recorded with the Nassau County Clerk of Courts in the form of a deed restriction. All committed improvements shall be inspected prior to issuance of a certificate of occupancy. Property dedications are subject to the City's acceptance of the land.

A Density Bonus within the Urban Mixed Use land use category/ MU-2 zoning district may be applied when the following considerations have been achieved.....

Workforce housing bonus – FHA language to allow up to 30 units/ acre  
\*look at co-op housing in State Statute (makes ownership difficult)

Consider other incentives? Incentive for height increase with landscape easement?

Notes:

1. Resort rentals in R-1 or R-2 zoning districts that existed prior to the effective date of Ordinance 2000-28 (October 3, 2000) may continue a legal non-conforming status as long as the resort rental permit has not expired for a period of greater than 180 days.
2. Properties that have obtained the WMU Future Land Use category are subject to the permitted uses in the W-1 column. Residential units are permitted above non-residential uses. Stand alone residential uses are prohibited.
3. Group Residential uses in existence prior to the adoption of Ordinance 2007-22 may continue a legal non-conforming status as long as a Group Residential Permit is applied for and maintained in accordance with the terms of the Ordinance. Existing uses shall not be subject to the Supplemental Standards in Section 6.02.24.
4. Seasonal Sales are subject to the provisions of LDC Section 5.02.02 and a temporary use permit is required according to the procedures set forth in Chapter 11.

FERNANDINA BEACH LDC  
CONSIDERATIONS FOR 8<sup>TH</sup> STREET

2.03.03 Table of Accessory Uses

(See Section 5.01.01 for standards pertaining to accessory uses.)

Table 2.03.03 lists permissible accessory uses in each zoning district. The letter "P" indicates that the identified use is permissible as an accessory use, but not as a principal use. Principal uses are identified in Table 2.03.02.

Table 2.03.03. Table of Accessory Uses
